Office of Telecommunications and Post Regulation (URTiP)

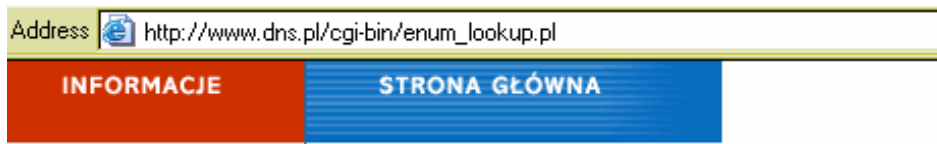

No official statement on the registration rules has been made by URTiP.

Office of Telecommunications and Post Regulation expects registrations will be restricted to the Telecom Companies only (companies having the set of telephone numbers, assigned by the Office of Telecommunications and Post Regulation).

Test registrations

- www.dns.pl/ENUM
- ENUM lookup
- Registrations via e-mail
- circa 30 registrations (most of them done by NASK)

ENUM lookup

Terms and conditions

5. As soon as NASK commences registrations via Extensible Provisioning Protocol (hereafter „EPP”), ENUM domains registration shall be performed by sending application on the e-mail address: partnerzy@nask.pl providing:

- name of the registrar,
- name and surname and e-mail address of the person, who in the registering person’s company shall be held liable for the technical administration of the ENUM domain,
- number, corresponding with the ENUM domain,
- addresses of the configured name servers.

Minimal requirements

NASK's technical requirements (http://www.dns.pl/ENUM/enum_tech_req.pdf) are based on the ETSI document

ETSI TS 102 172 V1.1.1 (2003-03)

Technical Specification

**Services and Protocols for Advanced Networks (SPAN);
Minimum requirements for interoperability of
European ENUM trials**

Plans

- Two projects started:
 - Modifications to the Registry (EPP) software to support ENUM (release in 2003?)
 - Research project: “Cost optimization based on ENUM database”
